

# CULVER CITY FRIENDS OF THE LIBRARY

## Business Partner Program

The Culver City Friends of the Library seek businesses in the community that would be interested in partnering with us to provide discounts or other benefits to our members. This is a great way to **show your support and recognition of the importance of reading, education and literacy in our community**. To show our appreciation for your support, we will publicize your business in each of the Friends of the Library quarterly newsletters and list your business on our website as well as include a link to your website (if so desired). Being a member of the Friends of the Library has its perks. Benefits at local businesses are one of them.

### How it Works:

You agree to partner with us and specify the exact terms of your offer to our members. When our members frequent your business, they simply show their Friends of the Library membership card and they will be entitled to this offer.

### Current Business Partners:

We currently have 3 business partners and are seeking to expand this list. Please consider joining this growing list of business supporters.
